**2143 BERLIN TURNPIKE  
NEWINGTON CT 06111**

**To Whom It May Concern:**

**March 12,2004**

**Clint Cutler of Bowling Repair Service has been over seeing our service on our pinsetters since 1996. Using Bowling Repair Service on service calls and instructing our mechanics has been one of the best moves I have ever made.**

**We had a high volume of per machine calls when he started ,and within a year he brought them down to a minimum. He gave me a an estimate of what it would cost to put my pinsetters in good running condition and he was right on target.**

**Clint taught my mechanic a preventive maintance program and it works today. I strongly recommend Bowling Repair Service to assist in any bowling centers pinsetter maintance and service calls, he is always available when you need him.**

**Sincerely yours**
