

2/29/2012

Champlain Lanes has been working with Clint for about 10 years now. At the present time he is here two days a month. Clint is professional in everything he does and his knowledge of bowling and its machinery is impressive. We feel that his expertise in preventive maintenance has decreased our stops by 80%. I work four mornings a week with leagues and must say it is a pleasure when you do not have to go down back.

At this time we do plan to keep Clint on as an important part of the everyday operation of Champlain Lanes.

Sincerely,

Michael R. Longe
